**KC Cup Conditions of Competition**  
**2020 Men’s Competition**  
*(Adjusted for COVID-19)*

**Spirit of the Competition.** The KC Cup is designed to foster spirited competition among golfers of all walks of life. The conditions of the competition are written to provide a fair playing field for all clubs, public and private.

Notwithstanding any other provision of these conditions, a team or player may at any time be disqualified from the competition and prohibited from participation in future competitions at the discretion of the Rules and Competition Committee, for repeated actions that violate the spirit of the game of golf, even if those actions do not of themselves violate any Rules of Golf. Examples of such conduct are repeated violations of the Etiquette section of the Rules of Golf by a player, statements made to an opponent suggesting that the player making the statements is ineligible for the competition, and any other gamesmanship whose purpose is to inflame one’s opponent while having no direct bearing on the match being played.

1. **Administration of the Competition.**
   
   (a) Ultimate responsibility for administration of the Competition rests with the Rules and Competition Committee of Central Links Golf.

   (b) The Committee may appoint a Coordinator of the Competition, who shall be responsible for the day-to-day administration of the Competition, and who shall have the authority to resolve disputes regarding the interpretation of these Conditions.

   (c) Any Team Captain dissatisfied with a decision of the Coordinator may appeal by submitting a written notice to the Executive Director of Central Links Golf. The Executive Director may, in his or her discretion, refer the appeal for resolution by the Committee. In either event, the decision of Central Links Golf, whether made by the Executive Director or the Committee, shall be final.

   (d) The Central Links Golf President may also appoint a KC Cup Advisory Council to provide advice and recommendations to the Rules and Competition Committee for the ongoing improvement of the Competition.

2. **Format.** The Competition shall consist of 5 playoff Rounds in which one club plays against another club. Each Round shall in turn consist of eleven (11) matches, each of which is worth one Match Point. The winner of each Round shall be the team that has won at least 6 Match Points.

3. **Eligibility.**

   (a) **Teams.**

   (i) Any Kansas City area Central Links Golf member club in good standing with an active and certified handicap committee may enter one or multiple teams into the competition. In the event club enters multiple teams all golfers (professionals and amateurs) must declare which team they will be

A handicap committee shall be “certified” by providing to Central Links Golf a list of its members by April 1, 2020. In addition, at least one member of the committee must have attended a USGA Handicap Seminar. A club that fails to certify its handicap committee shall not be eligible until its handicap committee has been certified.

The existing policy will only be enforced up to 48 hours following the match.

(iii) If an ineligible player participates in a Match, his team shall forfeit that Match. If the Committee determines that the player knowingly participated in a Match while ineligible, the Committee may, in its discretion, disqualify the player from the Competition for the remainder of the year, and/or disqualify the player from the Competition for the following year.

(iv) If the Committee determines a club knowingly used an ineligible player, the Committee may, in its discretion, (a) declare the club to have forfeited the Round in which the ineligible player participated, (b) disqualify the club from the Competition for the remainder of the year, and/or (c) suspend the club from participation in the Competition for the following year.

(v) Maximum Handicap Index. If a player in a Handicap Match has an USGA Handicap Index that exceeds 18.1, he will play in that match with an index of 18.1.

(i) Be a full-time employee or an exclusive contractor of the club he or she represents at the time of any Match in which he or she participates; and

If the Central Links Golf Rules & Competition Committee determines any club has refused to make its records available, or has otherwise impeded any requested audit, the Committee may impose whatever disciplinary action it deems appropriate, up to and including a permanent expulsion from eligibility to participate in the Competition.

   (b) All other positions in the field are filled as entries are received.

   (c) The 2020 field consists of 19 teams.

6. **Team Captain.**

   (a) **Designation.** Each team shall designate a Team Captain. The Team Captain shall be identified on the club’s entry form; any change of the Team Captain must be communicated to Central Links Golf.

(b) The round of 32 will consist of 6 teams, with the remaining 13 teams receiving a bye to the round of 16.

(x) One Open Four-Ball Match played at scratch.

9. **Scheduling.**

(a) **Single elimination tournament format.** Each match is a single elimination match played at the site determined by the random draw. The event is not a traditional bracket format as the matchups will be determined in each round randomly.

(b) **Impact of Course Closure.** If a team will be unable to play one or more of its home Rounds as scheduled due to anticipated renovations that will result in the closure of its course, its Team Captain shall notify Central Links Golf as soon as possible so the schedules may be revised.

(c) **Scheduling of Rounds.** After the announcement of the matches, captains must communicate to schedule matches.
Offering Date. The captain of the home team shall select three potential dates for a Round and advise the captain of the visiting team of those dates by the Offering Date set forth in the Scheduling Chart attached to these Conditions. Unless specifically agreed by both captains or as mandated by Central Links Golf, no Round may begin prior to noon.

Selection Date. The captain of the visiting team shall choose one of the three potential dates, and advise the home team captain of the date chosen by the Selection Date set forth in the Scheduling Chart.

Rain Date. On or before the Selection Date, the captains shall also establish a Rain Date upon which the Round shall be played and/or completed in the event inclement weather causes the postponement or suspension of a Round. In the event inclement weather prevents the playing of a Round on the selected Rain Date, each captain must provide within two business days of the Rain Date to the Coordinator five potential Make-Up dates for the Match to be played. The potential Make-Up dates must be within two weeks of the Rain Date. The Coordinator shall then establish the Make-Up Date. If inclement weather prevents play on the Make-Up Date, the process shall be repeated until the Round is played.

Notification Date. Both captains shall notify the KC Cup Coordinator of the date selected for the Round, and the Rain Date, as soon as the date is finalized.

Inclement Weather/Suspension of Play. The following procedures shall be followed in the event a Round, once begun, is delayed due to inclement weather or other reasons that justify a suspension in play:

(i) No Match may be postponed until there has been a waiting period of at least one hour from the time play was scheduled to begin or the time the Match was suspended. If conditions improve such that play may be resumed within that one hour period, the Match shall begin or resume as the case may be. The captains may, by agreement, extend the waiting period.

If a Match has not started:

If a match has not started, it shall be rescheduled on the pre-determined Rain Date. If a match has not started players may be substituted as long as they meet the eligibility requirements. The current handicap index at the date the match is played is the one to be used for handicap matches.

(ii) If a Match has been started then suspended:

If a match has been started, and then suspended due to inclement weather, no player may be substituted; all original players are required to finish the match. It is the responsibility of those players involved in the match to agree upon a date to finish the match. Any suspended Match shall be resumed from the point at which play was suspended (Rule 5.7c). If necessary, individual Matches may be resumed at different times, so long as all Matches are completed by the applicable deadline. If it is not feasible for players to start from the point where play was suspended (because, for instance, the course must start players from the 1st or 10th tees), they may play informally until they reach the point where the Match is to resume. The handicap index that was used at the start of the match, before it was suspended, is the handicap index to be used for the completion of the match, regardless if a new handicap revision is available.
(iii) If a Match is postponed, it shall begin or resume at a time and date each side agrees upon. If a mutually agreed upon date cannot be determined, then the Match must be started or resumed on the pre-determined Rain Date. If a side is unable to play on the Rain Date, then it shall forfeit the Match.

(iv) In the event any Round is postponed, the Coordinator shall be notified by the close of the next business day, and advised of the Round’s status at the time play was postponed.

10. **Administration of Rounds.** Team captains are expected to administer Rounds and make good faith efforts to resolve any rules disputes without involving the Coordinator or the Committee. However, if a dispute cannot be resolved, the team captains should contact Central Links Golf, so long as doing so does not unduly delay a Match or Round.

The host professional is in charge of rulings of a match, if the professional cannot decide on a ruling, the KC Cup Coordinator will have the final decision.

11. **Match Procedures.**

   (a) **Rules.** All play shall be according to the 2019 Rules of Golf and the Local Rules of the host club (where not in conflict with the Rules of Golf). The host facilities COVID-19 procedures apply for all matches.

   (c) **Handicaps.** The following procedures shall be used in Handicap Matches.

      (ii) Each player in a Handicap Match shall receive 80% of his Course Handicap. (The Course Handicap is determined from the host course’s Handicap Chart.)

      (iii) The player with the lowest Course Handicap shall play at scratch, and the other player(s) in the match shall play at the difference between their handicaps and the player with the lowest handicap.

      (iv) Players entitled to handicap stokes shall take them in the order designated on the scorecard.

      (v) Handicap Four-ball matches are played with a team maximum index of 25.0.

      (d) **Lineups.** The visiting team shall provide their lineup to the home team at least twenty-four (24) hours prior to the first starting time (including Rounds that begin or are to be completed on a Rain Date or Make-Up Date). The home team will then exchange their lineup with the visiting team at this time. Once lineups have been exchanged, no changes shall be allowed unless due to illness, injury or other extenuating circumstances that prevent a player from participating in the Match for which he was scheduled. In such an event, the player whose circumstances necessitated the change shall not be permitted to participate in the Round.

      (e) **Starting Times.** The home team shall set aside between 60 and 90 minutes for starting times. The order of the Matches may be played in any order upon agreement of the captains. If an agreement cannot be reached, the order of the Matches shall be as follows:
(i) Professional/Amateur Four-ball

(ii) Senior Singles Matches (Scratch and Handicap)

(iii) Open Singles Matches (Scratch and Handicap)

(iv) Super Senior Handicap Four-ball

(v) Senior Handicap Four-ball

(vi) Handicap Four-ball 1

(vii) Handicap Four-ball 2

(viii) Senior/Open Four ball

(ix) Open Four-ball

(Note: Players in the singles matches are not partners and are therefore not permitted to request advice from or give advice to one another, Rule 10.2a.)

(f) **Tees.** Central Links Golf shall confirm the tees from which all Matches will be played as designated by each Club on their entry form and shall notify the captains of the designated tees at the pre-season Captains’ Meeting. Tees to be played:

(j) Reporting of Results.

(i) Individual Player Responsibility. Each player in a Singles Match, and at least one player per side in all other Matches, is required to report the Match result to the home course’s golf shop immediately following a Match. In addition, each player’s individual score must be reported (either by the player himself or his partner). Failure of a player to report his score will result in the posting of a penalty score equal to the lowest differential in the player’s scoring record. A player who does not complete a hole must determine his most likely score for the hole in accordance with Rule 3.3 of the USGA Rules of Handicapping and should ensure that his opponent(s) agree with that score. Scores for holes not played shall be determined in accordance with Rule 3.2 of the USGA Rules of Handicapping.

(ii) Team Captain Responsibility. The home Team Captain (or representative of the team) shall report to the KC Cup Coordinator all results and scores via an attested scoring report within 48 hours of completion of the Round to the KC Cup Coordinator. The report shall be submitted by email to todd@clgolf.org, using only the official KC Cup Results form, provided to the captain at the Mandatory meeting. Failure to report within the specified time will result in a loss of the Round’s points, and the deduction of a win from the team’s overall record.

12. Score Posting. In accordance with Rule 2 of the USGA Rules of Handicapping, all amateur players other than professionals, are required to post an 18-hole score if they play at least 14 holes, and a nine-hole score if they play 13 holes or less. Scores must be posted to the individual’s scoring history on the date of the match

(a) The Committee may, after the conclusion of each Round, conduct a random audit to verify that players’ have been accurately posted.

(b) Failure to post a score or intentionally posting an incorrect score will result in an adjustment of the Round by deducting 1 point from the team’s total points for the Round. The Committee shall also post a penalty score equal to the affected player’s lowest differential in his scoring record. All incorrect scores must be corrected.
13. **Playoffs.**

(a) **Rounds of 32 and 16 Matches.** For the Round of 32, six (6) teams will be drawn randomly to play in one of three (3) matches to be played, and the home team will be randomly determined as well. The remaining 3 teams will play a winner from the Round of 32. If the team that won in the Round of 32 was a visiting team, they will host the round of 16.
