

Conditions of Competition 2021 Women's Competition

Spirit of the Competition. The KC Cup is designed to foster spirited competition among golfers of all walks of life. The conditions of the competition are written to provide a fair playing field for all clubs, public and private.

Notwithstanding any other provision of these conditions, a team at any time may be disqualified from the competition and prohibited from participation in future competitions at the discretion of the Rules and Competition Committee, for repeated actions that violate the spirit of the game of golf, even if those actions do not of themselves violate any Rules of Golf. Examples of such conduct are repeated violations of the Etiquette section of the Rules of Golf by a player, statements made to an opponent suggesting that the player making the statements is ineligible for the competition, and any other gamesmanship whose purpose is to inflame one's opponent while having no direct bearing on the match being played.

1) **Administration of the Competition.**

- a) Ultimate responsibility for administration of the Competition rests with the Rules and Competition Committee of Central Links Golf.
- b) The Committee may appoint a Coordinator of the Competition, who shall be responsible for the day-to-day administration of the Competition, and who shall have the authority to resolve disputes regarding the interpretation of these Conditions.
- c) Any Team Captain dissatisfied with a decision of the Coordinator may appeal by submitting a notice to the Executive Director of Central Links Golf. The Executive Director may, in his or her discretion, refer the appeal for resolution by the Committee. In either event, the decision of Central Links Golf whether made by the Executive Director or the Committee, shall be final.

Note: Players with indexes exceeding the match maximum may still play in that match, but the index will be reduced to meet the match maximum.

9) Scheduling.

- a. Number of Rounds. Each team shall play each team in their division on a home and away basis. Central Links Golf shall announce the schedule, and the deadline for each Round to be played, at the mandatory pre-season Captain's Meeting.
- b. Impact of Course Closure. If a team will be unable to play one or more of its home Rounds as scheduled due to anticipated renovations that will result in the closure of its course, its Team Captain shall notify Central Links Golf as soon as possible so the schedules may be revised.
- c. Scheduling of Rounds. Although Team Captains are encouraged to schedule individual Rounds as early in the season as possible, the following procedures must be followed in the absence of a prior agreement. Failure to comply with any deadline specified in the Scheduling Chart attached to these conditions may result in the defaulting team forfeiting the Round in question. If the below procedures are used, captains must communicate by email so that there is a time-stamped record of the communications.
 - i. Offering Date. The captain of the home team shall select three potential dates for a Round and advise the captain of the visiting team of those dates by the Offering Date set forth in the Scheduling Chart attached to these Conditions.
 - ii. Selection Date. The captain of the visiting team shall choose one of the three potential dates and advise the home team captain of the date chosen by the Selection Date set forth in the Scheduling Chart.
 - iii. Rain Date. On or before the Selection Date, the captains should also establish a Rain Date upon which the Round shall be played and/or completed in the event inclement weather causes the postponement or suspension of a Round. In the event inclement weather prevents the playing of a Round on the selected Rain Date, each captain must provide within two business days of the rain date to the Coordinator five potential Make-Up dates for the Match to be played. The potential Make-Up dates must be within two weeks of the Rain Date. The Coordinator shall then establish the Make-Up Date. If inclement weather prevents play on the Make-Up Date, the process shall be repeated until the Round is played.

- iv. Notification Date. The home team captain shall notify the Coordinator of the date selected for the Round, and the Rain Date, by the Notification Date set forth in the Scheduling Chart.

10) Administration of Rounds. Team captains are expected to administer Rounds and make good faith efforts to resolve any rules disputes without involving the Coordinator or the Committee. However, if a dispute cannot be resolved, the team captains should contact Central Links Golf, so long as doing so does not unduly delay a Match or Round.

11) Match Procedures.

- a. Rules. All play shall be according to the USGA Rules of Golf and the Local Rules of the host club (where not in conflict with USGA rules).
- b. Form of Play. All Matches shall be contested at match play, over a round of 18 holes.
- c. Handicaps. The following procedures shall be used in Handicap Matches.
 - i. Players are responsible for knowing their correct USGA Handicap Index as of the **day before the Round**, unless captains agree to a different revision date. (See Rule 3.2c)
 - ii. Each player in a Handicap Match shall receive 100% of her Course Handicap. (The Course Handicap is determined from the host course's Handicap Chart.)
 - iii. The player with the lowest handicap shall play at scratch, and the other three players shall play at the difference between their handicaps and the player with the lowest handicap.
 - iv. Players entitled to handicap strokes shall take them in the order designated on the scorecard and are responsible for knowing which holes the strokes shall be given.

12) Lineups. Team captains shall exchange lineup cards at least one hour prior to the first starting time (including Rounds that begin or are to be completed on a Rain Date or Make-Up Date). Once lineups have been exchanged, no changes shall be allowed unless due to illness, injury or other extenuating circumstances that prevent a player from participating in the Match for which she was scheduled. In such an event, the player whose circumstances necessitated the change shall not be permitted to participate in the Round.

- a. Inclement Weather/Suspension of Play. The following procedures shall be followed in the event a Round, once begun, is delayed due to inclement weather or other reasons that justify a suspension in play:
 - i. No Match may be postponed until there has been a waiting period of a minimum of one hour from the time play was suspended. If conditions improve such that play may be resumed within that one-hour period, the Match shall be resumed (Rule 5.7c). The captains may, by agreement, extend the waiting period.
 - ii. Any suspended Match, shall be resumed from the point at which play was suspended (Rule 5.7c).

- iii. If a Match is postponed, it shall resume at a time and date each side agrees upon. If a mutually agreed upon date cannot be determined, then the Match must be resumed on the pre-determined Rain Date. If a side is unable to play on the Rain Date, then it shall forfeit the Match. If necessary, individual Matches may be resumed at different times, so long as all Matches are completed by the applicable deadline. If it is not feasible for players to start from the point where play was suspended (because, for instance, the course must start players from the 1st or 10th tees), they may play informally until they reach the point where the Match is to resume.
 - iv. In the event any Round is postponed, the Coordinator shall be notified by the close of the next business day and advised of the Round's status at the time play was postponed.
- b. Starting Times. The home team shall set aside three starting times. Matches may be played in any order upon agreement of opposing captains. If no agreement is reached, the order of the Matches shall be as follows:
- i. Four-ball – low cap match
 - ii. Four-Ball - mid cap match
 - iii. Four-Ball - high cap match
- c. Tees. Rounds should be played from the tees which a club's 18 Hole Women play their competitions from on a regular basis.
- d. Scoring. The winner of each Match scores one Match Point for her team. If, at the end of 18 holes, a Match is tied, each team shall receive one-half Match Point. There will be no playoff for Rounds which end in a tie during the regular season.
- e. Ties in Playoff Rounds. If teams are tied at the conclusion of a Playoff Round, there shall be a playoff using the following procedure:
- i. All three Matches are involved in a distinct hole-by-hole playoff.
 - ii. Each match shall be worth one point, and the team winning two points shall win the Round.
 - iii. All matches shall begin on the hole(s) designated by the home course availability.
- f. Forfeits.
- i. Any team that wins a Round by forfeit shall be deemed to have won three Match Points in the Round.
 - ii. A team that forfeits a Round may be subject to suspension from the Competition for one year, at the discretion of the Committee.

Reporting. Each Team Captain must e-sign and report the Round's results and individual player scores (for handicap purposes) to Central Links Golf within two days after the completion of the

Round. The report shall be submitted via email to todd@clgolf.org using only the official KC Cup reporting form provided to all captains at the Mandatory meeting. **Failure to report within the specified time may result in a loss of the Round's points, and a deduction of a win from the team's overall record.**

13) Regular Season Standings. The winner of a Round shall receive three Division Points. If a Round ends in a tie, each team shall receive one and a half Division Points. Teams shall be ranked within divisions in the order of their Division Points.

14) Playoffs.

- a. Qualification. All division winners and two qualified wildcard teams will comprise the eight (8) teams for the playoffs.

- e. The Championship Match shall be played at a neutral site to be determined by Central Links Golf.

15) Practice Rounds. Practice Rounds are not included during the regular season. However, clubs may at their discretion provide opponents the opportunity to play their course prior to a Match during the regular season. Unless offered by the host club, it should be assumed opportunities to play the course prior to a Match are not available. In the event a Playoff Round will be played on a Club's home course that Club is strongly encouraged to provide a practice round to its opponents. If course access is offered by a club the following guidelines should be followed:

Only the Golf Professional or Captain should make the arrangements.

Host club's normal guest/green fees should apply.

16) Cart and Guest/Green Fees/Caddies. Players may walk, utilize a caddie or use carts during a Match. The home team shall provide carts at no charge to the visiting team. No greens fees or guest fees may be charged by the home team's club.

17) Score Posting. In accordance with the USGA Rules of Handicapping, all players are **required** to post an 18-hole score if they played at least 14 holes, and a nine-hole score if they played 13 holes or less.
