May 30 - July 1

Players were coming back from the various theaters of WW II. The war was over in Europe, but not in the Pacific. The tournament was played on weekends, spread out over about six weeks, from the middle of May until the final on July 1.

From the *Kansas City Star*, May 30:

“ The eight affiliate clubs of the Kansas City Golf association went over the top with a bang by selling a total of \$163,675 in series E war bonds. The original goal was \$50,000 and then it was hiked to \$100,000, both quotas being surpassed.

... A total of 601 members of the various clubs purchased the bonds, but many will not participate in the tourney which will end Sunday, July 1, with championship matches being played at Hillcrest.” (192 golfers actually played in six flights.)
