

# The Kansas City Amateur

In the 1950's the KCGA conducted a two weekend 72 hole event. In 1991 the KCGA revived the stroke play tournament. The 2024 version at Creekmore CC was the 34th.

For the first two decades the tournament was played on three different courses. Since 2009 only one course has hosted the tournament over the July weekends. That is the same year four divisions were created.
