Round Procedures - Lineups

If an individual is playing in singles handicap match, the maximum index is 9.0.

A player with an index larger than 9.0 may play, but the player's index will be reduced to 9.0 for that match.

In a four-ball match, the combined team maximum index is 25.0.

If the player's combined indexes are larger than 25.0, the side may play, but the **larger** index of the 2 players will be reduced to make the team index 25.0

Example: Player A is 9.2 and Player B is 18.9.

Team index is 28.1

Player B will be reduced 3.1 and play as 15.8

Team: $28.1 - 3.1 = 25.0$ Player B: $18.9 - 3.1 = 15.8$

Round Procedures - Options
